

QUALITY POLICY

SSI Cable Corporation is a manufacturer of coaxial cable assemblies and wire harnesses. Only the highest standards of quality are acceptable. Dedication to continuous improvement in a safe and healthy environmentally conscious manner is the core of SSI Cable Corporation's Philosophy. The prime responsibility of every employee is to deliver a quality product that meets or exceeds our customers' requirements in a timely manner. Simply put: "What was good enough yesterday isn't good enough today. What is good enough today won't be good enough tomorrow."

QUALITY OBJECTIVE

1. **Strive for 95% product and service conformity or greater**
 - Measured by tracking Product Nonconformance, Customer Complaints, and Return Material Authorizations (RMAs)
 -
2. **Strive for 95% on-time delivery or greater**
 - Measured by tracking customer stated due dates against actual delivery dates

STRATEGIC DIRECTION

VISION

SSI Cable Corporation's vision is to respond reliably and effectively to customers and to utilize employees/equipment responsibly and profitably.

MISSION

SSI Cable Corporation's mission is to build the highest quality coaxial cable assemblies and wire harnesses that satisfies or exceeds customer requirements.

GOAL

SSI Cable Corporation's goal is to ensure that the war fighter or commercial customer has the proper product, on time, of good quality, at a fair price and to get it right the first time with a responsive and collaborative team.
